To: Release Notification <release-notification@janrain.com>

This release will go out Thursday if cleared by QA. These issues relate to Capture Widget only

Capture Widget

Bug

- [WID-446] - fixes edge cases with keepMeLoggedIn and Social Login
- [WID-447] - fix for form submit switches to spinner if validation error is a failed unique check
- [WID-448] - fixes error message inside wrong container for photo upload built-in

New Feature

- [WID-419] - Provides way to store data for return experience
- [WID-276] - have onCaptureValidationFailed return the type of validation that failed as well as what it already returns

Task

- [WID-390] - EOL Facebook direct share

Auth Widget

Improvement

- [WID-254] - Powered By Janrain attribution changes

Share Widget

Improvement

- [WID-254] - Powered By Janrain attribution changes
